

Dorgard SmartSound™

A smarter way to keep your
fire doors open

Dorgard SmartSound is a wireless solution for legally holding open fire doors, enabling them to close when the fire alarm sounds.

Benefits

New SmartSound technology —
not triggered by vacuum cleaners

Three-year battery life and
three-year warranty

Carpet friendly — leaves
no marks

Can be fitted to
any door

No programming required,
just fit and forget

Installed easily in under
five minutes

Dorgard SmartSound™

Dorgard SmartSound keeps your fire doors open legally, and allows them to automatically close when the fire alarm sounds.

SmartSound listening technology means Dorgard SmartSound knows the sound of your alarm straight out of the box. It won't be triggered by a vacuum cleaner or other common background noises.

Dorgard SmartSound is quick and easy to install

“ SmartSound was quick to install and kept our fire doors open, even when we vacuumed the carpet right next to it. ”

James Thompson, Office Facilities Manager

“ We solved the problem of people wedging open fire doors with Dorgard SmartSound, keeping us compliant with regulations. ”

Julia Clarke, Hotel Manager
